

INTEGRATIVE  
DENTAL WELLNESS

# FINANCIAL MENU

We are a small, locally owned dental practice and we truly value our relationships with our patients and their families. We make our recommendations based on what we believe is the best treatment available for you, regardless of your insurance coverage or financial arrangements.

It is important to us that you are able to get the care that you need and deserve. For your financial comfort and convenience, we offer a wide range of financial options and our highly trained team is happy to help you navigate your options and choose a plan that best fits your needs.

## PRE-PAYMENT IN FULL : 5% DISCOUNT

A **5% courtesy discount** is given for any treatment over \$500.00, when prepayment is received in full **by cash, check, or debit card** when you schedule your appointment.

## SPLIT PAYMENT: 50%/50%

A reservation deposit of at least 50% of your total cost of treatment is needed in order to schedule the appointment. For patients using “In-Network” insurance plans, the reservation deposit amount is equal to your total patient portion amount. Any remaining balance is due prior to the time of procedure, cementation, or delivery of any final restoration or prosthesis. You will forfeit your reservation deposit if you violate our no-show or late-cancellation policy.

## FINANCE THE BALANCE : PAYMENT PLANS & 3<sup>RD</sup> PARTY FINANCING

These options will allow you to make lower payments and pay over a period of time in a way that fits your budget and lifestyle. All of these curated options offer approvals over the phone or online. When choosing the option that works best for you, it may allow you to have a low fixed rate or in some cases 0% financing from 12-60 months, and there is no prepayment penalty. Please let us know if you are interested so we can assist you and scan the QR codes below to get started!
